DUAL USE ADDITIVES

The undersigned Claudio Correggi as legal representative of the company Italsughero dei F.lli Correggi Srl, manufacturer of natural and technical cork stoppers, declares that inside its products substances regulated by EC Regulation 1333/2008 and Ministerial Decree 199/2009 may be present (substances called dual use additives).

The user of the material intended for contact with food is responsible for communicating any restrictions due to the compositional characteristics (presence of additives) of the food product to be packaged.

Upon request, information can be provided regarding the dual use substances used.
